Resene Nero

LET IT ALL GO

Keep dark colours in areas of the home that are used for unwinding rather than working. Candle light is the ultimate companion to opulent hues.

Dark Matter

ELEGANT EDGE

Plush furnishings, such as Persian rugs, add a layer of warmth and softness to help prevent large areas of dark colour from feeling too overwhelming.

Transform your home into a moody paradise this winter with sumptuous shades of aubergine, charcoal and indigo. There has never been a better time to slip into something more comfortable, cosy up and hibernate.

ME TIME

Consider adding deep colours in matte Resene SpaceCote Flat to the more intimate nooks of your living space such as the bedroom, bathroom or sitting room.

Colours are depicted as accurately as the printing process allows. Always trial your favourites using Resene testpots before making your final choice
