

N.B.

This chart is from the Resene historical file.

Please refer to current Resene colour charts for the latest colour options.

RESENE THE RANGE

Together a Range Whites & Neutrals brings together a collection of classic, contemporary and favourite whites and neutrals combined with strength variations of the most popular hues offering a broad range of whites and neutrals for discerning specifiers and decorators.

Whites and neutrals are ideal on their own or to anchor a scheme, providing a soulful backdrop for brighter, more intense feature colours. Those who prefer a minimalist atmosphere will find **The Range Whites & Neutrals** a haven of delightfully muted colour choices offering endless combinations. No matter whether interior or exterior, contemporary or traditional, whites and neutrals are a perfect canvas for your scheme.

The Range Whites & Neutrals is presented in a fandeck making it easy to isolate and select the exact colours you need for your decorating project.

Colours are available in your favourite Resene products including Resene Sanitex and Resene AquaShield - check with your local Resene ColourShop or Reseller staff for assistance with product selection.

Once you have made your colour choices, we recommend you test your colour selection using Resene testpots, A4 drawings or individual self-adhesive samples.

Remember, if the fandeck colour is not quite right try intermixing colours or take your colour concept to your nearest Resene ColourShop. Our staff will help you personalise your colour choice to ensure you achieve the exact colour you desire.
