

## 1 SHIRT BAGS AND GIFT CARDS

**Bags:** Mask vertical stripes onto a piece of A2 card with masking tape. Paint **Resene Smitten** into the gaps. Once dry, peel off the tape and tape horizontal stripes. Paint **Resene Ballerina** into the new gaps. Tape another row of vertical stripes over the white parts. Paint **Resene Hopbush** into the gaps. When dry, peel off all the tape. Paint a piece of A2 card with two coats of **Resene Seagull**. Tape vertical stripes across the card, with a 3mm gap between each piece. Paint the gaps alternately with **Resene Coast** and **Resene Quarter Iron** and peel off the tape. Print out the gift bag stencil from our website [resene.co.nz/giftbag](http://resene.co.nz/giftbag) and cut the bag shape out on each piece. Tape together with double-sided tape. The ties are painted in **Resene Rapture** and **Resene Groovy**. Stick the ties to the front with double-sided tape. **Gift cards:** Cut a piece of A4 card in half and paint with two coats of either **Resene Rapture**, **Resene Sweet Corn** or **Resene Feijoa**. Fold in half again to create a gift card. Mask stripes and checks with tape and paint. I have used **Resene Energy Yellow**, **Resene Groovy** and **Resene Ballerina** for these. Cut a 2cm slit, in from each top side corner of the card, 2.5cm down from the top. Fold each top corner into the middle to create the collar. Paint pasta bows with two coats of Resene paint. I've used **Resene Rapture**, **Resene Ballerina** and **Resene Seagull**. When dry, stick the painted pasta bow over the collar and two or three buttons down the front with a glue gun.
